

## Two full-time physician opportunities available at Capilano Medical Centre

### Overview

Capilano Medical is a family practice location also catering to a large volume of walk-in patients. Each physician works out of two rooms with adjoining office. Our clinics are busy with high demand for new physicians seeking to service a full patient load. The clinic has an expanding patient database of all ages with a wide variety of medical needs. Our clinics have a strong professional culture with collegial environment. This is a paperless office, allowing for remote access to your patient files to help promote better patient care.

### Job Duties

You will carry out duties as a general practitioner including:

- Diagnose and treat the diseases, physiological disorders and injuries of walk-in patients and patients with appointments
- Examine patients and take their histories
- Order laboratory tests, X-rays, and other diagnostic procedures
- Consult with other medical practitioners to evaluate patients' physical and mental health
- Prescribe and administer medications and treatments
- Vaccinate patients to prevent and treat diseases
- Advise patients and their families on healthcare including health promotion, disease, illness, and accident prevention
- Provide counselling and support to patients and their families on a wide range of health and lifestyle issues
- Manage primary patient care
- Provide continuous care to patients
- Report contagious and other diseases to governmental authorities

### Job Details

This is a permanent full-time position. Remuneration is on a fee-for-service basis. We also provide generous vacation allowance, flexible schedule options, and time off for continuing medical education. You will require the skills and training of a licensed physician including a recognized university medical degree, completion of residency requirements, and be enrolled as a Licentiate from the Medical Council of Canada and the Alberta College of Physicians and Surgeons.

This is an excellent opportunity to practice medicine without the responsibility of administering an office. We would be pleased to hear from you.
